Writing Journals

We have been really impressed with many children's desire and motivation to continue their writing outside of school. Many have particularly enjoyed being able to write with creativity and freedom, choosing the content and style of writing for themselves. We are delighted if they want to share this writing with us. To assist with children continuing this great habit, we are pleased to let you know we are happy to provide each child with a writing journal for them to use at home.

Children can personalise their journal by backing (wrapping it) it with wrapping paper or making their own front cover.

The ideas provided (across) are designed to assist and guide. They are there as suggestions only and do not represent a prescribed list of expected pieces of writing to be handed in at a set time.
