

PSHE Progression of Learning by Strand

PSHE is planned into 7 strands:

Sex and relationship education

Drug, alcohol and tobacco education

Keeping safe and managing risk

Mental health and emotional wellbeing

Physical health and wellbeing

Careers, financial capability and economic wellbeing

Identity, society and equality

Sex and relationship education

<p align="center">Year 1&2 Boys and girls, families</p>	<p align="center">Year 3&4 Growing up and changing</p>	<p align="center">Year 5&6 Healthy relationships How a baby is made</p>
<p>1. Children learn to understand and respect the differences and similarities between people</p> <p>Children are able to define difference and similarity and understand that boys and girls can do the same tasks and enjoy the same things, but that stories, TV and people sometimes say boys do this and girls do that.</p> <p>2. Children learn about the biological differences between male and female animals and their role in the life cycle</p> <p>Children</p> <ul style="list-style-type: none"> • know that female mammals give birth and nurse their young • can describe the biological differences between male and female • understand that the creation of life requires a male and female <p>3. Children learn about growing from young to old and that they are growing and changing</p> <p>Children</p> <ul style="list-style-type: none"> • can identify key stages in the human life cycle • understand some ways they have changed since they were babies • understand that all living things including humans start life as babies <p>4. Children learn that everybody needs to be cared for and ways in which they care for others</p> <p>Children</p> <ul style="list-style-type: none"> • understand that we all have different needs and require different types of care • identify ways we show care towards each other • understand the links between needs, caring and changes throughout the life cycle <p>5. Children learn about different types of family and how their home-life is special</p> <p>Children</p> <ul style="list-style-type: none"> • can describe different types of family – including families with a Mum and Dad, two Mums, two Dads and single parent families. • identify what is special and different about their home life <p>understand families care for each other in a variety of ways</p>	<p>1. Children learn about the way we grow and change throughout the human lifecycle</p> <p>Children</p> <ul style="list-style-type: none"> • can identify changes throughout the human life cycle • understand change is on-going understand change is individual <p>2. Children learn the physical changes associated with puberty</p> <p>Children</p> <ul style="list-style-type: none"> • are able to define puberty; the changes that occur sometime between 8-17 that turns us from children to young adults • identify physical changes associated with puberty • Understand that everyone's experience of puberty is different and that it begins and ends at different times <p>3. Children learn the biological differences between male and female children</p> <p>Children</p> <ul style="list-style-type: none"> • identify and name biological terms for male and female sex parts • can label the male and female sex parts with confidence <p>4. Children learn about the impact of puberty on physical hygiene and strategies for managing this</p> <p>Children</p> <ul style="list-style-type: none"> • can explain how changes at puberty affect body hygiene • can describe how to care for their bodies during puberty • can recognise the similarities between the needs and wants of boys and girls and challenge gender stereotypes around hygiene and grooming <p>5. Children learn how puberty affects emotions and behaviour and strategies for dealing with the changes associated with puberty</p> <p>Children</p> <ul style="list-style-type: none"> • are able to describe how feelings and behaviour change during puberty • can devise strategies for managing these changes • understand how changes during puberty can affect relationships with other people <p>6. Children learn strategies to deal with feelings in the context of relationships</p> <p>Children</p> <ul style="list-style-type: none"> • are able to identify feelings and understand how they affect behaviour • can practise strategies for managing relationships and changes during puberty • can empathise with other people's feelings in relationships, including parents and carers <p>7. Children learn to answer questions about puberty with confidence, to seek support and advice when they need it</p> <p>Children</p> <ul style="list-style-type: none"> • can identify sources of information, support and advice for children and young people • can use appropriate language to discuss puberty and growing up with confidence • can answer their own questions about puberty and growing up 	<p>1. Children learn about the changes that occur during puberty</p> <p>Children</p> <ul style="list-style-type: none"> • can identify the physical, emotional and behavioural changes that occur during puberty for both males and females • understand that body changes at puberty are a preparation for sexual maturity <p>2. Children learn to consider different attitudes and values around gender stereotyping and sexuality and consider their origin and impact</p> <p>Children</p> <ul style="list-style-type: none"> • understand how our attitudes and values about gender and sexuality may be affected by factors such as religion and culture • can recognise and challenge gender stereotypes • understand how media messages affect attitudes, can cause inequality of opportunity and affect behaviour <p>3. Children learn what values are important to them in relationships and to appreciate the importance of friendship in intimate relationships</p> <p>Children</p> <ul style="list-style-type: none"> • can identify positive qualities and expectations from a variety of relationships • can explain the similarities and differences between friendships and intimate relationships • can describe that there are different types of intimate relationships, including marriage • understand that sex or making love may be one part of an intimate relationship between adults <p>4. Children learn about human reproduction in the context of the human lifecycle</p> <p>Children</p> <ul style="list-style-type: none"> • understand that sexuality is expressed in a variety of ways between consenting adults • know that sexual intercourse may be one part of a sexual relationship • can describe how babies are made and explain how sexual intercourse is related to conception <p>5. Children learn how a baby is made and grows (conception and pregnancy)</p> <p>Children</p> <ul style="list-style-type: none"> • know the male and female body parts associated with conception and pregnancy • can define conception and understand the importance of implantation in the womb • know what pregnancy is, where it occurs and how long it takes <p>6. Children learn about roles and responsibilities of carers and parents</p> <p>Children</p> <ul style="list-style-type: none"> • can identify some of skills and qualities needed to be parent and carer • understand the variety of ways in which parents and carers meet the needs to be a parent and carers meet the needs of babies and children • can recognise that both men and women can take on these roles and responsibilities <p>7. Children learn to talk about sex and relationships with maturity and confidence, and know where to find support and advice when they need it</p> <p>Children</p> <ul style="list-style-type: none"> • can use appropriate language to discuss sex and relationships and growing up with confidence • can identify sources of information, support and advice <p>8 Children learn about menstruation and wet dreams</p> <p>Children</p> <ul style="list-style-type: none"> • can describe menstruation and wet dreams • can explain effective methods for managing menstruation and wet dreams <p>understand the relationship between the sex cells (sperm and ovum), menstruation and wet dreams</p>

Drug, alcohol and tobacco education

<p style="text-align: center;">Year 1&2 What do we put into and on to bodies? Medicines and me</p>	<p style="text-align: center;">Year 3&4 Tobacco is a drug Making choices</p>	<p style="text-align: center;">Year 5&6 Different influences Weighing up risk</p>
<p>What do we put into and on to bodies?</p> <p>1. Children learn about what can go into bodies and how it can make people feel</p> <p>Children</p> <ul style="list-style-type: none"> are able to recognise that different things people put into bodies can make them feel good or not so good can identify whether a substance might be harmful to take in know how to ask for help if they are unsure about whether something should go into the body know that substances can be absorbed through the skin are able to recognise that different things that people put on to bodies can make them feel good or not so good can state some basic safety rules for things that go onto the body <p>Medicines and me</p> <p>2. Children learn why medicines are taken</p> <p>Children</p> <ul style="list-style-type: none"> understand that the purpose of medicines is to help people stay healthy, get well or feel better if they are ill know that medicines come in different forms, liquids (injected or swallowed), tablets recognise that each medicine has a specific use <p>3. Children learn where medicines come from</p> <p>Children</p> <ul style="list-style-type: none"> know that medicines can be prescribed by a doctor or bought from a shop or pharmacy know when medicines might be used and who decides which medicine is used understand there are alternatives to taking medicines, and when these might be helpful <p>4. Children learn about keeping themselves safe around medicines</p> <p>Children</p> <ul style="list-style-type: none"> understand that medicines come with instructions to ensure they are used safely know some safety rules for using and storing medicines recognise that medicines can be harmful if not taken correctly <p>5. Children learn that medicines can be used to manage and treat medical conditions such as asthma, and that it is important to follow instructions for their use</p> <p>Children</p> <ul style="list-style-type: none"> know what asthma is and how it can affect people can recognise the basic symptoms of an asthma attack know how to get help if a person is having an asthma attack 	<p>Tobacco is a drug</p> <p>1. Children learn the definition of a drug and that drugs (including medicines) can be harmful to people</p> <p>Children</p> <ul style="list-style-type: none"> are able to define what is meant by the word 'drug' a chemical substance used in the treatment, cure, prevention, or diagnosis of disease or used to otherwise enhance/change physical or mental well-being. can identify when a drug might be harmful recognise that tobacco is a drug <p>2. Children learn about the effects and risks of smoking tobacco and second-hand smoke</p> <p>Children</p> <ul style="list-style-type: none"> know the effects and risks of smoking and of second-hand smoke on the body can express what they think are the most important benefits of remaining smoke free recognise that laws related to smoking aim to help people to stay healthy, with a particular concern about young people and second-hand smoke <p>3. Children learn about the help available for people to remain smoke free or stop smoking</p> <p>Children</p> <ul style="list-style-type: none"> know about some of the support and medicines that people might use to help them stop smoking can explain what they might say or do to help someone who wants to stop smoking understand that there are benefits for people who choose to stop smoking but that it can be hard for someone to stop smoking once they have started <p>Making choices</p> <p>4 Children learn that there are drugs (other than medicines) that are common in everyday life, and why people choose to use them</p> <p>Children</p> <ul style="list-style-type: none"> are aware of drugs that are common in everyday life, such as caffeine, alcohol, tobacco or nicotine products, and when they might be used can identify why a person may choose to use or not use a drug are able to state some alternatives to using drugs <p>5. Children learn about the effects and risks of drinking alcohol</p> <p>Children</p> <ul style="list-style-type: none"> know how alcohol can affect the body explain why drinking alcohol may pose a greater or lesser risk, depending on the individual and the amount of alcohol consumed know that there are laws and guidelines related to the consumption of alcohol <p>6. Children learn about different patterns of behaviour that are related to drug use</p> <p>Children</p> <ul style="list-style-type: none"> can explain what is meant by the terms habit and addiction can identify different behaviours that are related to drug use know where they can go for help if they are concerned about someone's use of drugs <p>7. Children learn that medicines can be used to manage and treat medical conditions such as asthma, and that it is important to follow instructions for their use</p> <p>Children</p> <ul style="list-style-type: none"> recognise a range of typical symptoms of asthma and the impact on people with the condition understand how people with asthma can look after themselves – treating asthma as a condition and treating an asthma attack 	<p>Different influences</p> <p>1. Children learn about the risks associated with smoking drugs, including cigarettes, e-cigarettes, cannabis</p> <p>Children</p> <ul style="list-style-type: none"> know about different smoking drugs, including cigarettes, e-cigarettes, cannabis understand the similarities and differences in the risks of smoking cigarettes, e-cigarettes, and cannabis in relation to health, money, social effects and the law understand that there are risks associated with all smoking drugs <p>2. Children learn about different influences on drug use –alcohol, tobacco and nicotine products</p> <p>Children</p> <ul style="list-style-type: none"> can identify conflicting messages presented in the media in relation to alcohol, tobacco and nicotine products can describe some of the other influences that surround a person's decision about whether to smoke or drink alcohol recognise that there are many influences on us at any time <p>3. Children learn strategies to resist pressure from others about whether to use drugs – smoking drugs and alcohol</p> <p>Children</p> <ul style="list-style-type: none"> can describe some strategies that people can use if they feel under pressure in relation to drug use can demonstrate some ways to respond to pressure concerning drug use <p>recognise that, even if people feel pressure from others about drug use, they can make an informed choice and act on it</p> <p>Weighing up risk</p> <p>4 Children learn about the risks associated with using different drugs, including tobacco and nicotine products, alcohol, solvents, medicines and other legal and illegal drugs</p> <p>Children</p> <ul style="list-style-type: none"> know about some of the possible effects and risks of different drugs know that some drugs are restricted or that it is illegal to own, use and supply them to others understand why and when people might use drugs <p>5. Children learn about assessing the level of risk in different situations involving drug use</p> <p>Children</p> <ul style="list-style-type: none"> can explain why risk depends on the drug itself, the person using the drug and the situation – when, where the person is, and who they are with can identify risks within a given scenario involving drug use understand what would need to change to reduce the level of risk <p>6. Children learn about ways to manage risk in situations involving drug use</p> <p>Children</p> <ul style="list-style-type: none"> can identify situations where drug use may occur know some ways of reducing risk in situations involving drug use <p>know where to get help, advice and support regarding drug use</p>

Keeping safe and managing risk

<p align="center">Year 1&2 Feeling safe & Indoors and outdoors</p>	<p align="center">Year 3&4 Bullying – see it, say it, stop it Playing safe</p>	<p align="center">Year 5&6 When things go wrong Keeping safe – out and about</p>
<p>Feeling safe</p> <p>1. Children learn about safety in familiar situations</p> <p>Children</p> <ul style="list-style-type: none"> recognise the difference between ‘real’ and ‘imaginary’ dangers understand that there are situations when secrets should not be kept know to tell a trusted adult if they feel unsafe <p>2. Children learn about personal safety</p> <p>Children</p> <ul style="list-style-type: none"> recognise the difference between good and bad touches understand there are parts of the body which are private – link to NSPPC Pants https://www.nspcc.org.uk/keeping-children-safe/support-for-parents/underwear-rule/ know who they can go to, what to say or do if they feel unsafe or worried <p>3. Children learn about people who help keep them safe outside the home</p> <p>Children</p> <ul style="list-style-type: none"> can identify situations where they might need help can identify people in the community who can help to keep them safe know how to ask for help if they need <p>Indoors and outdoors</p> <p>4 Children learn about keeping safe in the home, including fire safety</p> <p>Children</p> <ul style="list-style-type: none"> know some simple rules for keeping safe indoors, including online can describe what to do if there is an emergency understand that they can take some responsibility for their own safety <p>5. Children learn about keeping safe outside</p> <p>Children</p> <ul style="list-style-type: none"> know some rules for keeping safe outside can assess whether a situation is safe or unsafe understand the importance of always telling someone where they are going or playing <p>6. Children learn about road safety</p> <p>Children</p> <ul style="list-style-type: none"> can identify hazards in relation to road safety are able to explain how to cross the road safely recognise that there are rules in relation to road safety for all road users 	<p>Bullying – see it, say it, stop it</p> <p>Children learn to recognise bullying and how it can make people feel</p> <p>Children</p> <ul style="list-style-type: none"> are able to define what is meant by ‘bullying’ can identify the difference between falling out with someone and bullying understand how bullying can make people feel and why this is unacceptable <p>2. Children learn about different types of bullying and how to respond to bullying incidents</p> <p>Children</p> <ul style="list-style-type: none"> can name different types of bullying (including racism) can identify the different ways bullying can happen (including online) can describe how they would respond in a range of situations relating to falling out and bullying, including how to get help <p>3. Children learn about what to do if they witness bullying</p> <p>Children</p> <ul style="list-style-type: none"> can explain how to react if they witness bullying understand the role of bystanders and the important part they play in reducing bullying know how and to whom to report incidents of bullying, where to get help and support <p>Playing safe</p> <p>4. Children learn how to be safe in their computer gaming habits</p> <p>Children</p> <ul style="list-style-type: none"> know about the age classification system and understand why some games are not appropriate for children to play can evaluate whether a computer game is suitable for them to play and explain why are able to share opinions about computer games <p>5 Children learn about keeping safe near roads, rail, water, building sites and around fireworks</p> <p>Children</p> <ul style="list-style-type: none"> can identify and assess the level of risk of different activities in the local environment recognise that in some situations there may pressure to behave in a way that doesn’t feel safe can identify some ways to respond to unhelpful pressure <p>6 Children learn about what to do in an emergency and basic emergency first aid procedures</p> <p>Children</p> <ul style="list-style-type: none"> are able to assess what to do in an emergency can carry out some simple first aid procedures for different needs can demonstrate how to ask for help from a range of emergency services 	<p>When things go wrong</p> <p>1. Children learn about keeping safe online</p> <p>Children</p> <ul style="list-style-type: none"> understand that people can be influenced by things online can explain why what they see online might not be trustworthy know when and how to report something that makes them feel unsafe or uncomfortable <p>2. Children learn that violence within relationships is not acceptable</p> <p>Children</p> <ul style="list-style-type: none"> know what is meant by domestic violence and abuse understand that nobody should experience violence within a relationship know what to do if they experience violence/ where to go for help, advice and support <p>3. Children learn about problems that can occur when someone goes missing from home</p> <p>Children</p> <ul style="list-style-type: none"> understand some of the reasons that might cause a young person to run away or be absent from home can identify the potential risks and dangers of running away or going missing know who to talk to if they feel like running away <p>Keeping safe – out and about</p> <p>4. Children learn about feelings of being out and about in the local area with increasing independence</p> <p>Children</p> <ul style="list-style-type: none"> are aware of potential risks when out and about in the local area describe a range of feelings associated with being out and about understand that people can make assumptions about others that might not reflect reality <p>5. Children learn about recognising and responding to peer pressure</p> <p>Children</p> <ul style="list-style-type: none"> can identify risky behaviour in peer groups recognise and respond to peer pressure and who they can ask for help understand how people feel if they are asked to do something they are unsure about <p>6. Children learn about the consequences of anti-social behaviour (including gangs and gang related behaviour)</p> <p>Children</p> <ul style="list-style-type: none"> know some of the consequences of anti-social behaviour, including the law describe ways to resist peer pressure recognise they have responsibility for their behaviour and actions <p>7 Children learn about the importance for all children to be protected against body mutilation</p> <p>Children</p> <ul style="list-style-type: none"> understand everyone has a right to be protected against harm to their bodies know where and how someone can get help and support

Mental health and emotional wellbeing

Year 1&2 Feelings & Friendship	Year 3&4 Strengths and Challenges	Year 5&6 Dealing with feelings & Healthy minds
<p>Feelings</p> <p>1. Children learn about different types of feelings</p> <p>Children</p> <ul style="list-style-type: none"> • can name different feelings (including good and not-so-good feelings) • recognise that people may feel differently about the same situation • can identify how different emotions look and feel in the body <p>2. Children learn about managing different feelings</p> <p>Children</p> <ul style="list-style-type: none"> • recognise that some feelings can be stronger than others • can describe some ways of managing different feelings • know when to ask for help <p>3. Children learn about change or loss and how this can feel</p> <p>Children</p> <ul style="list-style-type: none"> • are able to give an example of when people might experience change or loss (for example, a lost toy, when a pet dies, moving home or school) • can describe how people might feel when there is a change or loss • recognise what they can do to help themselves or someone else who may be feeling unhappy <p>Friendship</p> <p>4 Children learn about the importance of special people in their lives</p> <p>Children</p> <ul style="list-style-type: none"> • can identify people who are special to them and explain why • understand what makes a good friend • can demonstrate how they show someone they care <p>5 Children learn about making friends and who can help with friendships</p> <p>Children</p> <ul style="list-style-type: none"> • understand how people might feel if they are left out or excluded from friendships • recognise when someone needs a friend and know some ways to approach making friends • know who they can talk to if they are worried about friendships <p>6 Children learn about solving problems that might arise with friendships</p> <p>Children</p> <ul style="list-style-type: none"> • can identify some ways that friendships can go wrong • can describe some ways to sort out friendships problems • recognise that difficulties within friendships can usually be resolved 	<p>1. Children learn about celebrating achievements and setting personal goals</p> <p>Children</p> <ul style="list-style-type: none"> • explain how it feels to be challenged, try something new or difficult • can plan the steps required to help achieve a goal or challenge • are able to celebrate their own and others' skills, strengths and attributes <p>2. Children learn about dealing with put-downs</p> <p>Children</p> <ul style="list-style-type: none"> • explain what is meant by a put-up or put down and how this can affect people • can demonstrate a range of strategies for dealing with putdowns • recognise what is special about themselves <p>3. Children learn about positive ways to deal with set-backs</p> <p>Children</p> <ul style="list-style-type: none"> • can describe how it feels when there are set-backs • know some positive ways to manage set-backs and how to ask for help or support • recognise that everyone has setbacks at times, and that these cannot always be controlled 	<p>Dealing with feelings</p> <p>1. Children learn about a wide range of emotions and feelings and how these are experienced in the body</p> <p>Children</p> <ul style="list-style-type: none"> • are able to name and describe a wide range and intensity of emotions and feelings • understand how the same feeling can be expressed differently • recognise how emotions can be expressed appropriately in different situations <p>2. Children learn about times of change and how this can make people feel</p> <p>Children</p> <ul style="list-style-type: none"> • identify situations when someone may feel conflicting emotions due to change • can identify ways of positively coping with times of change • recognise that change will affect everyone at some time in their life <p>3. Children learn about the feelings associated with loss, grief and bereavement</p> <p>Children</p> <ul style="list-style-type: none"> • recognise that at times of loss, there is a period of grief that people go through • understand there are a range of feelings that accompany bereavement and know that these are necessary and important know some ways of expressing feelings related to grief <p>Healthy minds</p> <p>4 Children learn what mental health is</p> <p>Children</p> <ul style="list-style-type: none"> • know that mental health is about emotions, moods and feelings - how we think, feel and behave • recognise that everyone has a state of mental health that changes frequently; that any one state is not necessarily permanent • know that there is help, advice and support available about mental health <p>5 Children learn about what can affect mental health and some ways of dealing with this</p> <p>Children</p> <ul style="list-style-type: none"> • recognise what can affect a person's mental health • know some ways of dealing with stress and how people can get help and support • understand that anyone can be affected by mental ill health <p>6. Children learn about some everyday ways to look after mental health</p> <p>Children</p> <ul style="list-style-type: none"> • know some everyday ways of looking after mental health • can explain why looking after mental health is as important as looking after physical health • understand that some things that support mental health will also support physical health <p>7. Children learn about the stigma and discrimination that can surround mental health</p> <p>Children</p> <ul style="list-style-type: none"> • recognise that stigma and discrimination of people living with mental health problems can and does exist • explain the negative effect that this can have know what can help to have a more positive effect (and therefore reduce stigma and discrimination)

Physical health and wellbeing

Year 1&2 Fun times & What keeps me healthy?	Year 3&4 What helps me choose? What is important to me?	Year 5&6 In the media
<p>Fun times</p> <p>1. Children learn about food that is associated with special times, in different cultures</p> <p>Children</p> <ul style="list-style-type: none"> know about some of the food and drinks associated with different celebrations and customs can identify what makes their home lives similar or different to others including the food they eat understand why food eaten on special days may be different from everyday foods <p>2. Children learn about active playground games from around the world</p> <p>Children</p> <ul style="list-style-type: none"> can describe how to play different active playground games can recognise how active playground games make them feel can make choices about which game to play, based on their feelings, likes and dislikes and what they are good at <p>3. Children learn about sun-safety</p> <p>Children</p> <ul style="list-style-type: none"> know about some of the effects of too much sun on the body can describe what people can do to protect their bodies from being damaged by the sun know what they will need and who to ask for help if they going out in strong sun <p>What keeps me healthy?</p> <p>4. Children learn about eating well</p> <p>Children</p> <ul style="list-style-type: none"> know what a healthy diet looks like can identify who helps them make choices about the food they eat know the benefits of a healthy diet including oral health. <p>5. Children learn about the importance of physical activity, sleep and rest</p> <p>Children</p> <ul style="list-style-type: none"> can describe some ways of being physically active throughout the day explain why it is important to rest and get enough sleep, as well as be active understand that an hour a day of physical activity is important for good health <p>6. Children learn about the people who help us to stay healthy and well and about basic health and hygiene routines</p> <p>Children</p> <ul style="list-style-type: none"> know about the roles of people who help them to stay healthy (including giving vaccinations) can describe everyday routines to help take care of their bodies, including oral health understand how basic hygiene routines can stop the spread of disease 	<p>What helps me choose?</p> <p>1. Children learn about making healthy choices about food and drinks</p> <p>Children</p> <ul style="list-style-type: none"> can use guides to help make informed choices about what they eat and drink can describe situations when they have to make choices about their food and drink understand who and what influences their choices about food and drinks <p>2. Children learn about how branding can affect what foods people choose to buy</p> <p>Children</p> <ul style="list-style-type: none"> can explain why people are attracted to different brands are able to compare similar products according to packaging, taste, cost and explain which they think is the best 'value for money' understand how this can affect what food people buy <p>3. Children learn about keeping active and some of the challenges of this</p> <p>Children</p> <ul style="list-style-type: none"> are able to identify a range physical activities that help the body are able to evaluate the levels of physical activity in different pastimes can explain what choices they have about how to spend their free time <p>What is important to me?</p> <p>4 Children learn why people may eat or avoid certain foods (religious, moral, cultural or health reasons)</p> <p>Children</p> <ul style="list-style-type: none"> can explain why a person may avoid certain foods are able to communicate their own personal food needs understand that people may follow a particular diet based on their religious, moral, cultural background or for health reasons <p>5 Children learn about other factors that contribute to people's food choices (such as ethical farming, fair trade and seasonality)</p> <p>Children</p> <ul style="list-style-type: none"> can identify factors that might influence people's choices about the food they buy (e.g. ethical farming, fair trade, seasonality) are able to talk about their views and express their opinions on factors that affect food choice understand that consumers may have different views on the food they eat and how it is produced and farmed <p>6 Children learn about the importance of getting enough sleep</p> <p>Children</p> <ul style="list-style-type: none"> explain the importance of sleep for health and wellbeing know what can help people relax and sleep well recognise the impact that too much screen time can have on a person's health and wellbeing 	<p>In the media</p> <p>1 Children learn that messages given on food adverts can be misleading</p> <p>Children</p> <ul style="list-style-type: none"> know that food and drink adverts can use misleading marketing messages in order to make a product seem more healthy for consumers can compare the health benefits of a food or drink product in comparison with an advertising campaign identify advertising as one influence on people's choices about food and drink <p>2. Children learn about role models</p> <p>Children</p> <ul style="list-style-type: none"> are able to analyse how the media portray celebrities recognise that celebrities can be presented as role models and that they may be a good or not-so good role model for young people can explain why we need to be cautious about things we see, hear or read about in the media <p>3. Children learn about how the media can manipulate images and this may not reflect reality</p> <p>Children</p> <ul style="list-style-type: none"> understand that images can be changed or manipulated by the media and how this can differ from reality can describe how the media portrayal might affect people's feelings about themselves accept and respect that people have bodies that are different

Careers, financial capability and economic wellbeing

Year 1&2 My money	Year 3&4 Saving, spending and budgeting	Year 5&6 Borrowing and earning money
<p>My money</p> <p>1. Children learn about where money comes from and making choices when spending money</p> <p>Children</p> <ul style="list-style-type: none"> understand that people get money in different ways (earn, win, find, presents, pocket money, borrow, benefits) recognise that people make choices about what to buy understand that they may not always be able to have all the things they want <p>2. Children learn about saving money and how to keep it safe</p> <p>Children</p> <ul style="list-style-type: none"> understand why people might want to save their money can say how it feels to save for something you really want recognise where money is stored to keep it safe and some places are safer than others <p>3.
